Welcome! The below section is part of a subfile, which you can find in the `sections/experiment/` folder. It includes an example of how to cite and include a figure. Try making edits now!

Once you've made edits, you can build the project by navigating to the **LaTeX** tab and selecting **Build LaTeX project**. You should see the changes reflected in the `main.pdf` file.

1 Experiment

The GlueX experiment is objectively one of the best to ever do it [1]. See figure 1 for a schematic of the detector

Figure 1: Drawing of the GlueX detector stationed in hall D at Jefferson Lab [1].
